WEAKNESS

When you are weak, nervous, and all run down, everything seems to go wrong. Ayer's Sarsaparilla will build you up, make your nerves strong, and give you pure, rich blood. Here is what a nurse of large experience says about it.

Mrs. E. B. Chappell, Stowell, Victoria, sends us her photograph, and writes: "I have been a nurse for thirty-five years, and I take great pleasure in recording my experiences with Ayer's Sarsaparilla, and Ayer's Pills. I have used these medicines in different parts of the world, both for myself and my patients. I have had great success with them, especially in cases of nervous prostration, impure blood, skin diseases, and weakening diseases in general. I must heartily recommend these medicines to all sufferers from any of the above-named distressing complaints."

AYER'S Sarsaparilla

There are many Imitation Sarsaparillas. Be sure you get "Ayer's." Ayer's Pills cure constipation. Sugar-coated, mild, but effective. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

FOUR MEETINGS HELD YESTERDAY

TELLING WORK WAS DONE BY THE REVIVALISTS IN THE CITY AND ABOARD SHIP

There were no less than four revival meetings held in the city yesterday and at all of these Dr. Ostrom spoke and Messrs. Hille and Butler sang. The meetings were successful in the highest sense of the term. The first of the day was the noon gathering at the Y. M. C. A., where there was a large attendance principally of men, and the hour's exercises were marked with a religious fervor.

Early in the afternoon was the rally at the Central Union where Dr. Ostrom made an effective address on the subject of prayer.

Perhaps the most interesting gathering of the day was that at five o'clock aboard the U. S. S. Boston. The evangelists and the other workers were cordially welcomed aboard and were escorted to the gun deck where the men of the crew were assembled. Captain Miles introduced Dr. Ostrom who made a short, plain talk as man to man with the Jackies. He congratulated them on their fine record and asked them to stick by it.

Last night's gathering at the Central Union was again well attended. Rev. Mr. Snodgrass offered prayer and after the singing of several hymns Dr. Ostrom delivered a powerful address from Corinthians I. Verse 13, Chap. 4 "Ye are not your own." He said in part:

"At first the text looks arbitrary but it is not. It is a privilege to be God's. You are not your own but you are not the property of any mere finite man—you are the rightful property of God. You know that you are not able to protect yourself. Picture to yourself a terrible disaster like that at Galveston and you will see how utterly defenseless the strongest man in this congregation is. Since this is true it is a great compassion that God says, 'I'll put strong arms about you and keep you.'"

"It is equally true that man is not always able to lend himself. I imagine that when you took your first step you fell down. Why? Because you did not know where to go or how to go. Probably your first step in life was to cry. From childhood you had the idea that you were lost. You are helpless without someone to help you. When you get older you do not know what to make of yourself, what to do, what to be. Still lost. So it is through all ages of man.

"There are two times in your life when you admit that you are not your own. One is past, when you were a child. Did you ever have such a time as then, when you were not your own? You couldn't have saved yourself if you were freezing but everything was done for you, for you were not your own.

"There is another time when you will admit it—when you die. Then, if you have not admitted it before you will have to say—I am not my own—here Lord am I. Between that cradle and that eternity is a little space, this present life. Will you, in it admit that you are not your own and accept Jesus as your Saviour and throw yourself on him, saying, 'I'm not my own—here Lord, I am Thine.'"

PHILIPPINES TO SAN FRANCISCO

NAVY DEPARTMENT ARRANGING FOR AN ELABORATE SYSTEM OF WIRELESS COMMUNICATION.

WASHINGTON, April 25.—The Navy Department is arranging to carry out a plan for establishing wireless telegraph communication from the Philippines to San Francisco. Arrangements are being made to increase the power of stations so as to maintain unbroken ranges of communication from Cavite to Guam, thence to Midway, then to Hawaii, and between those islands and San Francisco. This last stretch is more than 2000 miles, but it is believed that if the physical obstructions in the Hawaiian Islands can be overcome there will be no difficulty in establishing communication.

CARRIES BIG CROWD

With probably the record breaking crowd for a transport, the Sherman arrived yesterday afternoon from San Francisco. She had pleasant weather during the trip. She brought for Honolulu J. L. Young the architect who will superintend the construction of the new army barracks. Lieutenant W. K. Hamilton was also an arriving passenger. The most interesting party organization aboard is probably the Ninth Infantry, Col. Liscomb's former regiment. This organization was severely handled in the fighting before he was killed. Several troops of the Seventh Cavalry, Custer's old regiment are also en route to Manila.

The summary of those who left San Francisco by the vessel is as follows: To Manila, 61 officers, 25 members of officers' families and civilians—119 first class, 27 second class, 25 steerage civilians, 27 casualties, 768 enlisted men, 9th Infantry, 254 enlisted men, 7th Cavalry 141 recruits, one discharged soldier. To Honolulu, one officer, three second class, two steerage—total passengers 1568. Officers and crew, including Q. M., Surgeon, Clerks and Hospital corps, 187, stowaways, 4. Grand total 1559. The Sherman will sail at 11 a. m. on Friday for Guam and Manila.

AT WAIMEA KAUAI.

Reports have reached Waimea that a number of Lihue people will soon be putting up stakes and coming over to Waimea to live. Their names having been prominently mentioned in connection with some county office it becomes necessary for them to change their residence to the County seat.

Work on the Waimea river embankment will be commenced in about three weeks time. Owing to lack of cars it was found necessary to postpone the work for a month.

Waimea school will soon add another teacher to its present corps the attendance having increased to such an extent as to necessitate the appointment of another assistant.—The Garden Island.
